[2] 학습 목표/성과(Learning Objectives/Outcomes)

■ 과목 설명(Course Description)

The purpose of this course is to understand theoretical concepts/frameworks and find managerial implications in the field of Organizational Behavior (OB). This course will expose students to approaches and processes that can help in effectively leading and managing others in organizations. Students will have the opportunity to appreciate what it takes to make a difference in their organizational/social life.

■ 선수과목 및 공통필수과목(Prerequisites and Co-requisites)

■ 학습 목표(Learning Objectives)

The emphasis of this course will be on creating effective members of organizations through a better understanding of individual attitudes, personality, motivation, and interpersonal influence. This course will also expose students to the issues of how to effectively exercise leadership and manage group dynamics and, beyond that, the organization-level issues such as organizational change that essentially structure individual attitudes and behaviors at work.

■ 학습 성과(Learning Outcomes)

Through this course, students will be able to:

- (a) understand and systematically analyze various OB-related phenomena at the individual, group, and organizational levels
- (b) develop leadership and interpersonal skills through various team activities and case analyses
- (c) improve communication and presentation skills
